

CRISTINA'S MANY MIRACLES

requested but felt nothing. I also attended church but was always skeptical. Even so, I felt I needed to keep reading the Book of Mormon. God was calling me again.

As I continued reading, I started to feel that the book was true. My faith was growing. When I reached 3 Nephi 13:9–13 and read the Lord's Prayer, the Spirit flooded over me. I broke into sobs. God was calling me a third time. This time I listened.

My faith in God grew. I wanted to know more. In a short time, I read all the standard works. I continued attending church, and after Rubí and I married, I was baptized. I will never forget the joy I felt when I was confirmed a member of the Church.

Today I am still a research scientist. But now I see the hand of God in all things. I agree with Alma, who said, "All things denote there is a God; yea, even the earth, and all things that are upon the face of it, yea, and its motion, yea, and also all the planets which move in their regular form do witness that there is a Supreme Creator" (Alma 30:44). ■

Our family has witnessed many miracles because of my sister, Cristina. She was born with a serious heart defect. When the doctors examined her, they told my parents she probably wouldn't survive. My parents, however, held their fragile baby in their arms and put their trust in the Lord. Cristina's survival was a miracle.

The years passed, and Cristina became a strong, smart, playful, and beautiful girl. When she was 12, she needed surgery to place an artificial valve in her heart. We worried whether she would survive the surgery, but with great strength and courage, she said goodbye to us and entered the operating room.

Cristina survived the operation and returned home to us. She always appeared happy and was grateful to Heavenly Father to be alive and to have the opportunity to learn and grow. Friends never imagined she had a heart defect, because she was very active.

After recovering from a stroke when she was 16, Cristina was asked to help teach seminary. She encouraged many students as they memorized scriptures and learned from the Book of Mormon. Cristina also played the piano and

loved to sing. She didn't miss a beat when she was invited to direct a choir of 60 voices for a ward conference.

When she was 22, Cristina married a young man in the temple for eternity. Soon after getting married, she was called to be Young Women president in her ward.

When she was 26, Cristina's health quickly declined. She went to São Paulo for some tests. There she learned she needed another surgery. During the operation, Cristina suffered a heart attack that caused brain damage. Months passed, and she did not improve. As a family we gathered together to fast and pray for her recovery, but she did not improve. We decided to fast again, this time asking for help to accept the will of our Father in Heaven. The following day Cristina passed away.

This was not what we hoped for, but we realized this was a miracle too. Cristina no longer had to suffer. The gospel gave us joy and peace, even in moments of deep sadness. Because we have been sealed, we know we can be with Cristina again. ■
