

## Friend Helps with Move

One night my mom and I were reading the *Friend*. I was feeling sad because we had to move for Dad's new job. Then we read "Moving" in the May 2012 *Friend*. I felt happy because the family in the story had to move too. Then we kept reading and found out that the grandparents in the story were going on a mission, and the family was staying in their house. I was surprised because we were going to live in my grandparents' house while they went on a mission too! I'm glad we read that story. It made me feel much better about moving.

## How We Read the *Friend*

The *Friend* teaches us how to be better friends!

**Penny, Lily, and Ruby W., ages 5, 7, and 3, Utah**

## Healing among the Zunis

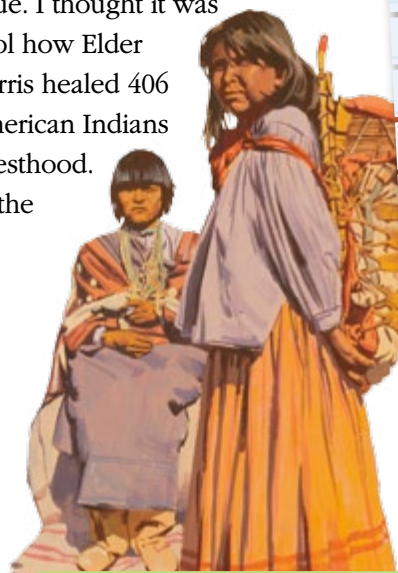

I am very thankful for the *Friend*. I read it whenever I am bored. One of my favorite stories was "Healing among the Zunis" from the June 2011 issue. I thought it was cool how Elder Harris healed 406 American Indians

using the Melchizedek Priesthood.

Thank you for publishing the *Friend*!

**Jacob S., age 11, Utah**

*Dear Friends,*

This month we wanted to give you a Christmas gift, so we created an activity to help you celebrate the birth of Jesus Christ. You'll find it on pages 24-25. We hope it will help you think about the gifts the Savior has given you and think of ways to give gifts to Him.

Please write to let us know how you remembered Jesus Christ this Christmas.

Merry Christmas!

The *Friend*
