

A Pioneer Message

By Arie Van De Graaff

Each of these pioneers has something in common with another. Start with the messenger on the horse. Write his letter (E) in the first space below. Notice that he is wearing the same bandana as the pioneer standing next to him. Write that pioneer's letter (N) next. Now find what he has in common with another pioneer. Continue to find similarities until all the spaces are filled with letters. The message is something you should remember as you go through trials. Find the answer on page 48.
