

Family Memory Bingo

The Sabbath is a good day for getting to know your family—past and present! Watch family videos and look through picture albums to find things to match the descriptions below. When you find something that matches, mark off the square. Once you

mark all the squares, make another card with your own ideas of things to look for!

Do this activity with your family!

If your family hasn't started adding family stories and

photos on [FamilySearch.org](https://www.familysearch.org), this might be a perfect time to start.
