

It's Raining!

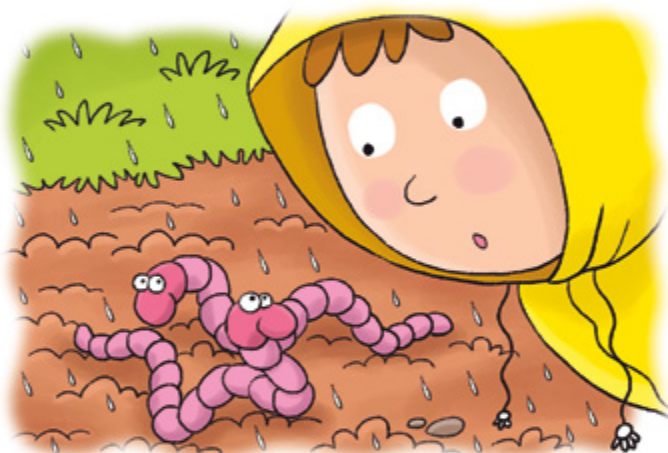

By Jennifer Maddy

Rain pitter-pats on the ground.

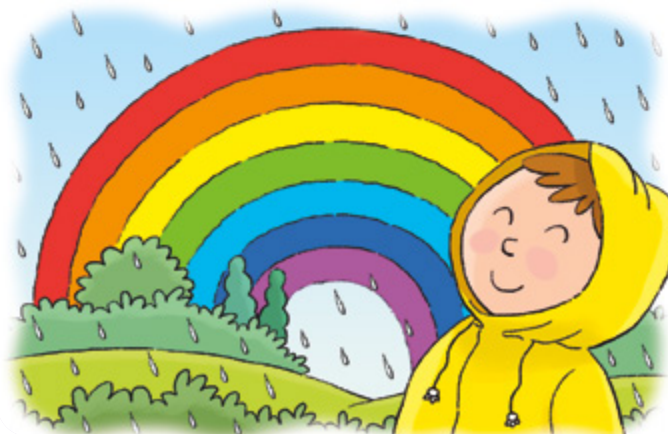

Birds drink and splash in a puddle.

Pink worms squirm in the mud.

Water washes dirt off the sidewalk.

We are thankful to Heavenly Father for the earth.

Rain makes the earth clean and beautiful!

Water Helps Us

Heavenly Father gives us water to help us in many ways.
Point to the things in the picture that water helps us with.
What are some other ways that water helps you?
