

One in a Million

It would take you about a month to count to one million. And that's about how many Primary children there are in the world today! They live in many different places and speak many different languages. Here's how you can meet some of them:

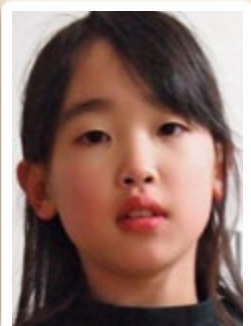

Go to lds.org/friend.

Click on "You Are One in a Million."

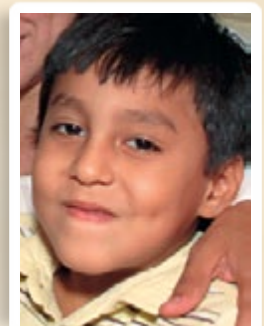

Click on a star.

You can meet 30 children from all over the world.

Each one is a special child of God—just like you!
