Positive + Power

Being positive is a great way to make friends and help others. Try this experiment with an adult's help.

1. Fill a **bow**l with water. The water is like your mind when you wake up—clear and fresh.
2. Sprinkle **pepper** onto the water. When you hear mean words or feel angry, the pepper is like those negative thoughts floating around in your mind.
3. Squeeze a drop of **dish soap** into the bowl. The soap is like positive thoughts and words—they can push away bad influences instantly!

I will only read and watch things that are pleasing to Heavenly Father.
