With so many fun technologies at our fingertips, it’s easy to spend too much time with them and not enough time doing important activities like reading, playing outside, or spending time with family and friends. Some of our readers and their families have figured out ways to keep their lives balanced—remembering that the Spirit dwells in happy, healthy homes.

Rather than watch TV all the time, we like to read! And after all of our chores are done and the house is clean, we can use the Internet. We use a timer to keep track of the time we get to spend on the computer.

We have downloaded scripture stories and appropriate music onto our MP3 players. Our computer is kept where everyone can see it. We don’t watch TV before school or until all of our homework and chores are done in the afternoon. Certain channels on our TV are blocked so they can’t be viewed at all. Instead of watching TV, we play outside, help garden, or play board games together. When we have balance in our lives, our home is more quiet and peaceful.
