## WE WILL BE AN ETERNAL FAMILY

**I** am thankful that my father holds the priesthood, that he baptized me, and that we were sealed in the temple. I am happy because we will be an eternal family. I know that Heavenly Father lives and that the words of the prophets are true.

## A VERY SPECIAL PLACE

**I** am nine years old, so when I went to the temple for the first time, I waited outside with my father. We walked around the temple to see how it was built. We visited the beautiful waiting room and enjoyed the peace and quiet there. We talked quietly about the life of Jesus Christ and His Apostles then and now. As I sat with my father, I felt that the temple is a very special place.
