I am getting older, so I have been getting mean a lot more. I prayed and asked Heavenly

Father if He could help me. I felt a good feeling inside.

My uncle Keith has been really sick. I decided that I should fast for him on fast Sunday. On that Sunday he

had the strength to go to church. On the next fast Sunday, I fasted for him again. I know that fasting can help the person that you fast for.

Isaac E., age 11, Colorado, USA

Riley B., age 8, Maryland, USA

There was a new boy in my class in school who couldn't speak English. In the computer lab, I sat next to him and helped him with the assignment we were given. I felt good after I helped him.

Bella G., age 11, Arizona, USA

I asked a girl at recess if I could play with her. She told me to go away. The same thing

happened the next week. I went to her house to give her some hair bows and pudding. The next day she said I could play with her. I followed Jesus's example by being nice to someone who was mean to me, and I gained a friend!

Liam T., age 8, Idaho, USA

When I was 2 1/2 years old, my family moved. For my birthday, my family and I went back to Guatemala for my baptism. I was so happy to be with so many of my family on that special day.

The Lizard

A lizard is a timid thing.
It can't fly or sing.
It hunts for bugs on the floor.
And looks like a dinosaur.

Kamrie G., age 12, Kansas, USA

Carolyn M., age 8, Western Norway, Norway

I am the oldest kid in Primary, and everyone looks up to me, so I act reverent.

Nicholas F., age 11, Idaho, USA

Philip W., age 8, Lancashire, England

Senior Primary children in **Greater Manchester, England**, wrote their own verse about President Russell M. Nelson for the song "Follow the Prophet."

Russell is a prophet,
Baptised at sixteen.
His parents were less active;
He was very keen.
He became a doctor,
Doctor of the heart.
Building many temples,
He has made a start.
