

# Goals and Growing Up

Growing up is exciting! Write about what you've already learned.  
Then set a new goal for the future.

How did you learn to do something that you couldn't do when you were younger?

---

---

---

---

---

What is something you'd like to be able to do by next year?

---

---

---

---

---

Who can help you with this goal?

---

Draw a picture of you accomplishing your goal!
