

# ADVENTURES IN PUERTO RICO

with Margo and Paolo

Puerto Rico is an island in the Caribbean Sea.

There are about 24,000 Church members here!

It has beautiful beaches *and* beautiful rain forests!

This frog is called a coqui. It's the loudest frog in the world!

Puerto Rico's first temple is being built now! The groundbreaking ceremony was in May 2019.

Join the Helping Hands Team

Karles followed Jesus by serving others after an earthquake. You can help others in your community too!

**Challenge:** Wherever you live, there are people who need help. You could donate to a food pantry, help your neighbors, or volunteer at a community organization with a parent or guardian.
