

Building a Temple

Join us each month to see how the Payson Utah Temple was built!

By Amie Jane Leavitt

The best wood and stone are shipped to temple sites from all over the world. Then craftsmen and artists are hired to do the stone, tile, and woodwork inside the temple. They use lathes, saws, chisels, sanders, planers, nail guns, drills, trowels, mixers, and all kinds of other equipment. The final product is a work of art!
