

Important Trait

By Arie Van De Graaff

Each of these soldiers has something in common with another. For example, Helaman (O) has the same pouch as the soldier on the bottom right of the page (B). Now find what the soldier with the pouch has in common with another soldier. Write the letter under that soldier in the next available space below. Continue to find similarities until all the spaces are filled with letters. The letters will spell a trait that was important to the soldiers in Helaman's army. Find the answer on page 48.

Hey!

Pay extra close attention to the talks given by the prophet and apostles during general conference in October. You may want to take notes or use the conference notebook available on friend.lds.org. You'll be glad you did when it comes time to complete our conference activity in next month's issue.
