

Learn to Index

You might have heard people talk about “indexing.” Indexing is looking at handwritten records, like birth certificates, and typing the information into a computer program. That makes it easier for others to find out about their family! Practice indexing by doing the activity below.

Birth Certificate

This certifies that Jane Parke

was born to Lavinna Coltrin
(mother)

and Charles Parke
(father)

On 19 September 1861 In Carson City, Nevada, USA

Signed Dr. Thomas Ridgefield

Draw a line from each question to the answer on the certificate:
.....

Who was born?

Who was her father?

Who was her mother?

What was her birthdate?

Where was she born?

Don't forget to cut out your badge and add it to the badge keeper from January! Print past pages, or extra copies of this page, at FriendFHQ.lds.org.

INDEXING ON FAMILYSEARCH.ORG

When you're on FamilySearch.org, look for the “indexing” button. Ask your parents to help you try indexing. It's a great Sunday activity!
