LORENZO SNOW

Lorenzo Snow traveled the world to spread the gospel. When he was sailing to Hawaii, a **storm** tipped over his boat. Lorenzo trusted in the Lord and was saved from drowning. While speaking at the **St. George Tabernacle** in 1899, President Lorenzo Snow felt inspired to teach the importance of paying a full tithe. As more members began paying **tithes**, the Church's finances grew more stable. The Saints paid with money when they had it and with things such as eggs, milk, and cattle when they didn't.
