

# FUN STOP

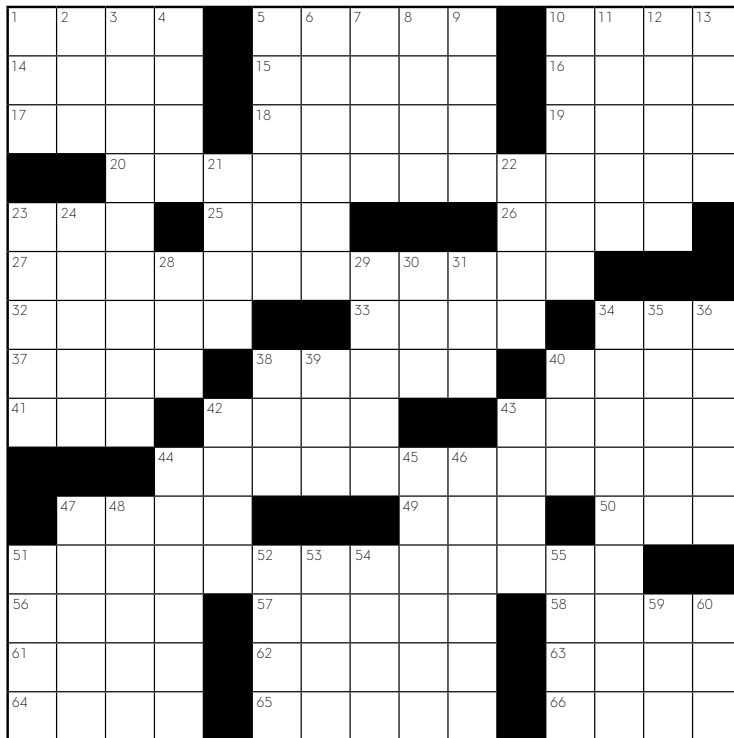

## Pioneer Puddle-Jumpers

When the pioneers traveled from Nauvoo to the Salt Lake Valley, they traveled alongside rivers as much as possible (including hundreds of miles on the Platte River alone). These pioneer teens are looking to spend a hot afternoon off in the swimming hole at the other end (marked X). **Can you help them find the best path through?**

## Mountain Math

Your Mutual group meets a mystic on a mountaintop hike who promises fame and fortune—or at least the directions to the best viewing area up there—only if you can solve his humble riddle.

**CAN YOU ADD A SINGLE STRAIGHT LINE TO THIS EQUATION TO MAKE THE MATH EQUATION TRUE?**

$$5 + 4 + 5 = 450$$

We can't race him! Look at all that horsepower he's got!
