Oh, What Do You Do in the Summertime?

Expressively \( \frac{\text{\textdegree}}{\text{\textdegree}^\prime} = 66–76 \) (Conduct two beats to a measure.)

1. Oh, what do you do in the summer-time, when
   all the world is green?
   lazily dream on the banks as the clouds go by?
   that what you do?

2. Oh, what do you do in the summer-time, when
   all the world is green?
   do you fish in a stream, or
   drink lemon-ades, or
   So do I!

3. Oh, what do you do in the summer-time, when
   all the world is green?
   do you swim in a pool, to
   count all the stars in the sky?
   Is
